Note:

1. The trip does not visit Yad Vashem due to time constraints. If you are interested in visiting the Holocaust Memorial, plan on a few hours in Jerusalem before or after the trip to do so. We will visit a very special, but smaller and lesser known Holocaust memorial in Jerusalem during the trip.
2. This itinerary is for the Classic 30somethings trip (including Chanukah). Passover and some other holiday trips may have a different schedule. Please ask our admissions staff for more information.
